FOREWORD

About this time of year we have usually sent out a multigraphed Advance List of Ornamentals, mailing our regular Trade List some time in September.

This year our season is very early so we can make a closer estimate on how our grades will make up than usual at this date, and as prices for the season seem to be well established, concluded to get out our regular Trade List at this time. If you are not ready to place your orders now, trust you will file it for future reference.

We thank you for the business given us in the past and assure you that orders placed with us now will be duly appreciated and will have our most careful attention.

TO OUR PATRONS

THIS Price List will be followed by Surplus Lists at intervals during the season. If you do not receive these we would consider it a favor if you will send us your name and address for our mailing list, and they will be mailed to you as issued.

Prices in this list are intended for the TRADE only. If this list reaches anyone not entitled to it, we would appreciate being advised of the fact, so we may correct our mailing list.

The standard of grading adopted by the Pacific Coast Association of Nurserymen is used in this list. Kindly make your orders conform to same.

We do not employ Agents and no Dealers are authorized to use our name.

CANCELLATION

We are glad to accommodate our customers by reselling stock they have ordered from us and find they cannot use if we can find a market for it, but it is manifestly unfair to insist on our cancelling an order if we can not resell it, and accordingly are obliged to refuse to do so.

SUBSTITUTION

If you wish us to substitute in case we are sold short of any variety ordered, please so state, as we do not substitute unless requested to do so.

SHIPPING SEASON

Our packing season commences from October 1st to October 15th and continues until from April 1st to May 1st, varying with the season.

GUARANTEE OF GENUINENESS

While we exercise the greatest care to have every tree or plant true to name, and are ready, on proper proof, to replace anything sent out by us that may prove untrue to label, free of charge or refund the money paid for it, it is understood and agreed, between the purchaser and ourselves, that we are not to be held liable for any greater sum than that paid us for said trees that may prove untrue.

LOCATION

We are now located in our new building, East Washington at Sixth Street. To reach us there from the West Side, take either a Sunnyside or Mt. Tabor car on Morrison Street, get off at East Sixth Street and walk two blocks North. This is close in and we trust you will make it a point to call on us when in the City.

PRICES herein quoted are for first-class stock of the grades named, but are subject to change without notice.

Five of a variety will be furnished at the Ten rate, Fifty at the Hundred rate and Five Hundred at the Thousand rate.

Orders should be made on a separate sheet, and not in the body of a letter, always giving plainly the postoffice, destination and route the goods are to be forwarded by.

Our terms are cash or satisfactory references before shipment; to established nurserymen who are known to us, or who give the necessary references, a credit of 60 days from date of invoice will be allowed, with a discount of 3% for cash with order, 2% in 10 days, and 1% in 30 days. A liberal deposit is expected to be made on orders for future delivery. All bills must be paid by June 1st or interest accrues from then or any prior date of maturity, at the rate of 8% per annum. This does not apply on supplies, which are a cash proposition and handled on a close margin, partly as an accommodation.

C. O. D. orders must be accompanied by a remittance to cover one-third of the cost of the order.

If shipment is made to a prepay station, a remittance sufficient to cover the freight charges must accompany the order.

All orders will be carefully packed, for which a moderate charge will be made to cover the cost of material and labor.

All shipments are at the risk of the purchaser after being delivered in good condition to the forwarders. Purchaser must be responsible for any loss or delay that may occur through the negligence of forwarders or horticultural inspectors. We will use every means possible to secure prompt delivery but are not liable for delays in transit, and our responsibility will cease upon delivery in good order to the carrier company, and the remedy for loss must lay between the purchaser and carrier company.

All claims for shortage or damage must be made within ten days of receipt of stock, or they will not be allowed. We book all orders with the understanding that same shall be void should injury befall the stock from Flood, Fire, Frost, Drought, or other causes beyond our control.

Kindly address all orders or correspondence to the

PORTLAND ROSES

Field Grown, Budded Low.

The Roses we offer below are all grown near Portland in good sandy loam soil, entirely without irrigation, thus securing a particularly fine root system and firm, well ripened wood.

Our Roses are tied in bunches of ten. Please add 50% to price where less than ten of a variety is ordered.

If you have not tried Portland grown Roses now is a good time to do so.

Niagara^{Dust} and Dusters

We are Northwest distributors for the Niagara Sprayer Company and keep in stock a very complete line of dusting materials and dusters for the combat of the various diseases and insects so destructive of plant life.

We have used the Niagara Dusts and Dusters in our nurseries for a number of years with the best results, and find them always ready for immediate use and much easier of application than sprays.
